I have recently taken the **CMA USA** course from NorthStar Academy, and it is a great experience and I hope to complete both parts of CMA Exam by June 2025. The study material is well-structured, and the faculty **M.Irfat Sir** explains concepts in a way which is easy to understand. Their 12 Physical Booklets set alongwith the Gleim physical books are great for review. Plus, the support team was always responsive, which made the whole process smoother. If you're considering CMA USA, **NorthStar is definitely worth** checking out!
